

Subject: Call for Volunteers - Cushing Warming Center

Dear Cushing Community Members,

As the temperatures continue to drop, it is important that we come together to support our community members in need during storm outages. The Cushing Warming Center is seeking dedicated volunteers to ensure the well-being of those experiencing electric outages during winter storms.

Volunteer Responsibilities:

Staffing the Warming Center: Assist in managing the day-to-day operations of the warming center, including check-in, and maintaining a welcoming environment.

Providing Supportive Services: Engage with guests, offering a friendly and empathetic presence.

Logistical Support: Assist with setup and cleanup of the facility and help with any other logistical tasks as needed.

Volunteer Requirements:

- Must be 18 years or older.
- Ability to work well in a team and remain calm in potentially challenging situations.

Training:

Training sessions will be provided for all volunteers to ensure everyone is well-prepared and comfortable in their roles.

If you are able to dedicate your time and energy to this important cause, please contact Clarence Flanders at cushingfire19@yahoo.com or 207-691-7936 to sign up for shifts and training sessions.

Thank you for your willingness to support the Cushing Warming Center and our neighbors in need.
